

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

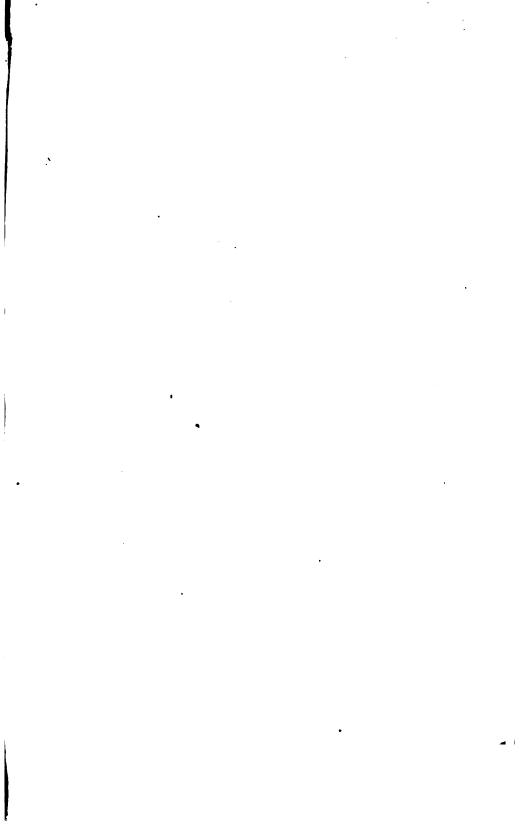

We also ask that you:

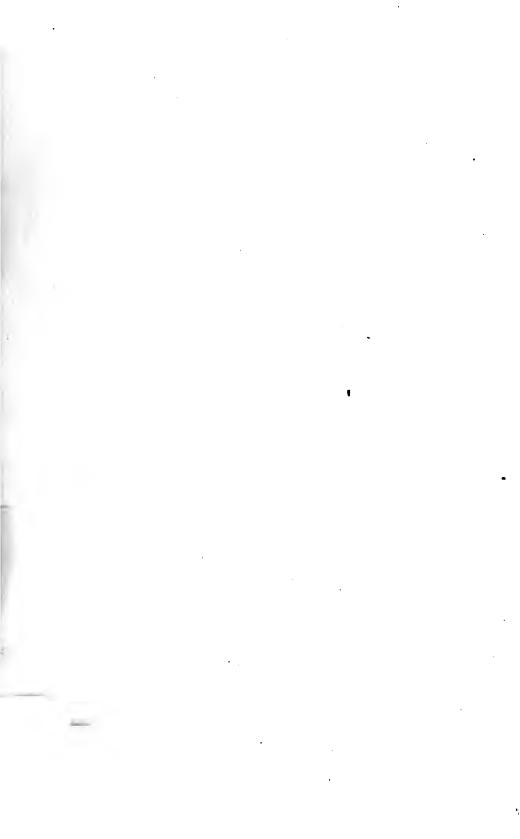

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at http://books.google.com/

The Hopkins Library presented to the **Celand Stanford Junior University** by Cimothy Kopkins.

EIGHTH ANNUAL REPORT

OF THE

Board of Railroad Commissioners

OF THE

STATE OF NEW YORK,

For the Fiscal Year Ending June 30, 1890:

TRANSMITTED TO THE LEGISLATURE JANUARY 18, 1891.

COMMISSIONERS:

WILLIAM E. ROGERS, | ISAAC V. BAKER, Jr., MICHAEL RICKARD.

VOLUME II.

ALBANY: JAMES B. LYON, STATE PRINTER. 1891.

LIBRARY OF THE LELAND STANFORD JUNIOR UNIVERSITY.

A.465

TABLE OF CONTENTS.

Tabulated statements of all annual reports filed with Board	PAGE. 6-71
List of railroad companies from which no reports have been	
received; roads not built or but partially built	72-77
Tabulated statement of accidents, surface street roads	78
Annual reports of surface steam railroad companies	81-657
Annual reports of elevated steam railroad companies	661-688
Annual reports of palace-car and sleeping-car companies	691–693
Annual reports of surface street railroad companies	. 69 7–97 9

ALLEGHENY AND KINZUA.

(Date of charter, February 26, 1890.)

The Allegheny and Kinzua Railroad Company was formed by the consolidation and merger of the Allegheny and Kinzua Railroad Company, of the State of New York, and the Bradford and Corydon Railroad Company, of the State of Pennsylvania, under chapter 917 of the Laws of 1869, of the State of New York, and the several acts amendatory thereof and supplementary thereof, and under an act of Assembly of the Commonwealth of Pennsylvania, passed May 16, 1861, and the several acts amendatory thereof and supplementary thereto. The articles of consolidation and merger were filed in the office of the Secretary of State of the State of New York, on the 25th day of February, 1890, and in the office of the Secretary of the Commonwealth of Pennsylvania, on 26th day of February, 1890. The entire length of the road of this company is seventy miles, of which twenty-four miles is in operation and the balance under construction. From Red House, N. Y., to Bradford, Pa., with branch to Ceiliff, N. Y.: Morrison, Pa. to Riderville., Pa.; Gilbert, Pa., to Sugar Run, Pa., with branch to Coffrey Run, Pa.

CARTHAGE AND ADIRONDACK.

(Date of charter, March 28, 1883.)

For history of organization, see Report of 1885.
Construction on an extension (known as the Little River Extension) was commenced June, 1887, from Jayville eastward to the Little River iron ore beds, a distance of 13.25 miles. This extension was opened for traffic to Oswegatchie, 10 miles from Jayville, in February, 1889, and to the Little River ore beds, now called Benson Mines, August 22, 1889.

COOPERSTOWN AND CHARLOTTE VALLEY.

(Date of charter, April 30, 1888.)

The first steps taken to build this road were in the month of April, 1888. On the 30th day of April, 1888, this company was organized under the General Railroad Act of this State for the purpose of building a road from the east line of Charles Waine's land, in the town of Oneonta, to the Delaware county line, a distance of about 1½ miles. On the 30th day of April, 1888, the company entered into a contract with the Cooperstown and Susquehanna Valley Railroad Company, whereby it leased the road of said company for a term of 99 years from the first day of January, 1889, possession being given immediately, and the Cooperstown and Charlotte Valley Railroad Company now operates the Cooperstown and Susquehanna Valley Railroad.

Telegraph owned and operated by company, miles Length of steel rails laid during year in repairs, miles oads crossing road at grade coads crossing road over or under grade way crossings at grade without protection way crossings at grade protected by gates or flagmen way crossings over or under grade head obstructions less than twenty feet above track.	17 17 294 63	251 16.03 17 18 303 63 53

senger cars are heated by steam, lighted by oil lamps and ventilated by transom lators.

United States Express Company runs over lines of this company, paying about a per month, and Produce Despatch Company also runs over same, paying about per month.

Sleeping, parlor and hotel cars are owned jointly by this company and Pullman's Palace Car Company, under agreement dividing net earnings equally; rates are made by said car company. The Lackawanna line, the Great Eastern line, the Lackawanna Live Stock Express Company, the New York Despatch Refrigerator Company, the American Refrigerator Transit Company run over company's lines—pro rates. Use of track, etc., same conditions as with all other cars. With Lackawanna and Great Eastern lines both cars of this company and said lines are used; the three other lines supply all the cars: all are paid for on a mileage basis. Said cars and freight are moved in same trains with other through freight.

The United States Government has paid for transportation of mails, from July 1, 1889, about \$24,000 per annum per allotment.

s are equipped with Westinghouse automatic brake and Miller, Perry, Cowell, og, Spooner and Hall, and Safford couplers. Split switches in use on road.

Miscellaneous Statistics.

, ITEM.	In N. Y. State.	Entire line.
Telegraph owned and operated by company, miles Total assessed value of real estate and personal property	80.25	130.78
of company Length of steel rails laid during year in repairs, miles Railroads crossing road at grade	8	43.33 11
Railroads crossing road over or under grade	91	8 257 97
Highway crossings over or under grade	82	107

Passenger cars are heated by steam from locomotives, lighted by center and side lamps, and ventilated by deck, sash, globe and Creamer ventilators and transoms.

The American Express Company and the National Express Company operate over this road. Cars of Pullman's Palace Car Company and of the Wagner Palace Car Company run over this road.

Mails are carried at certain rates per mile, based on weight, as established by the Post-office Department.

GARNERVILLE.

LESSOR.

Lessee — New Jersey and New York. (Date of charter, September 14, 1875.)

This road was organized to run from Garnerville to the Hudson river, but was completed only from Garnerville to junction with the New Jersey and New York railroad. It was then used as a switch track from New Jersey and New York railroad to Rockland Print works; the cars and running equipment complete belonging to the New Jersey and New York railroad. It was sold under execution on May 20, 1890, and the lawyer of the company is taking steps to dissolve the company.

GENEVA AND SAYRE.

(Date of charter, August 28, 1889.)

Organized by articles of association, filed August 28, 1889, by the purchasers at fore-closure sale of the Geneva. Ithaca and Sayre Railroad and their associates, and the property sold at such sale duly conveyed to this company, and full possession thereof delivered and received on the first day of September, 1889. On January 1, 1890, an agreement was entered into between the Geneva and Sayre Bailroad Company and Geneva and Van Ettenville Railway Company by which the latter company leased from the former all its railroads and appurtenances and all property.

latter company leased from the former all its railroads and apputtenances and an property.

On May 12, 1890, the stock of the Geneva and Sayre Railroad Company was surrendered and stock of Geneva and Van Ettenville Railway Company received in exchange, the directors of the latter company, by resolution, becoming ex-officio the directors of the former. Certificate filed May 13, 1890.

On June 21, 1890, the Lehigh Valley Railway Company, Buffalo and Geneva Railway Company and Geneva and Van Ettenville Railway Company were merged and consolidated under the corporate name of the Lehigh Valley Railway Company. Certificate filed in the office of the Secretary of State June 23, 1890.

HARTFORD AND CONNECTICUT WESTERN.

(Date of charter, March 81, 1881.)

For history of organization, see Report of 1885.

The Hartford and Connecticut Western Railroad was leased, under date of August 30.
1889, to the Central New England and Western Railroad Company for one year from the
81st day of August, 1899, and under date of February 4, 1890, for fifty years from the
81st day of August, 1890. Two dollars per share upon the capital stock outstanding
shall be paid by the lessee to the lessor each year of said term of lease.

KANONA AND PRATTSBURGH.

(Date of charter, April 2, 1886.)

The work of construction was started on the 30th of July, 1888, and finished in Octo-

ber, 1889.

The following report is defective. The attention of the officers of the company has been called to the imperfect method of keeping accounts employed by it, which should be changed so as to conform to the practices of other railroad companies and to the rules prescribed by the Board of Railroad Commissioners.

Cost of Road and Equipment.

"The original directors, promoters and builders of this road kept no accounts, books or any data whatever. I judge its total cost must have been about \$140,000."

The entire equipment is leased of the Central Car Trust Company of Philadelphia.

DETAILS OF ADDITIONS OR BETTERMENTS DURING THE YEAR.

Since the new board has been put in possession of this property, the following betterments have been made: Two new depots, one freight house, one coal pocket, one thousand feet of new sidings. Valued at about \$5,000.

†Income Account for Year Ending June 30, 1890.

KEESEVILLE, AUSABLE CHASM AND LAKE CHAMPLAIN.

(Date of charter, April 4, 1889.)

The Keeseville, Ausable Chasm and Lake Champlain Railroad Company was organized under the General Railroad Act of 1850 and amendments thereto, and directors chosen on the 2d day of April, 1889, for the purpose of constructing a line of railroad, about six miles in length, from Keeseville to Port Kent by way of Ausable Chasm, meeting the New York and Canada division of the Delaware and Hudson Canal Company's railroad on Lake Champlain.

By chapter 251, Laws of 1889, this company is authorized to collect fares from passengers not exceeding six cents per mile or any fraction of a mile.

Active operation of trains was commenced May 26, 1899.

LACKAWANNA AND SOUTH-WESTERN.

REPORT FROM APRIL 1, 1890, TO JUNE 15, 1890.

(Date of charter, October 2, 1889.)

The Olean Railroad Company was organized thder the General Railroad Act to construct a narrow-gauge railroad from Olean, Cattaraugus county, to Bolivar, Alle-

The Friendship Railroad Company was organized under the General Railroad Act to construct a narrow-gauge railroad from Bolivar to Friendship, Allegany county.

The Allegany Central Railroad Company was organized under the General Railroad Act. September 29, 1881, to construct a narrow-gauge railroad from Friendship to Swain's.

Act. September 29, 1881, to construct a narrow-gauge railroad from Friendship to Swain's. Allegany county.

Said three companies were consolidated November 21, 1881, as the Allegany Central Railroad Company, and thereafter completed and operated as a narrow-gauge railroad from Olean to Swain's aforeasid.

The Lackawanna and Pittsburgh Railroad Company was organized under the General Railroad Act November 1, 1882, to construct a standard-gauge railroad from Belfast, in the county of Allegany, to Perkinsville, in the county of Steuben.

The said last two companies were consolidated June 1, 1883, as the Lackawanna and Pittsburgh Railroad Company, and thereafter opened a narrow-gauge railroad from Olean to Angelica, Allegany county, and a standard-gauge railroad from Belfast to Perkinsville.

In pursuance of an order of the Supreme Court of the State of New York, made

In pursuance of an order of the Supreme Court of the State of New York, made December 8, 1884, wherein George D. Chapman was appointed receiver of the Lackawanna and Pittsburgh Railroad Company, he on that day took possession of its railroad and property.

Under a decree of foreclosure and sale made March 11, 1889, the said railroad was duly sold on the 27th day of April, 1889, to a committee of the bondholders. Under an act entitled "An act to facilitate the reorganization of railroads sold under mortgages," etc., said railroad was reorganized May 7, 1889, as the Lackawanna and Southwestern Railroad Company, and by deed dated May 29, 1889, said committee transferred to them fits railroad. to them its railroad

to them its railroad.

The Rochester, Hornellsville and Lackawanna Railroad Company was organized under the General Railroad Act, June 9, 1886, to construct a railroad from a point on the line of the Lackawanna and Pittsburgh railroad to the city of Hornellsville.

The last two companies were consolidated October 2, 1889, as the Lackawanna and South-western Railroad Company, an existing corporation owing a narrow-gauge railroad from Olean to Angelica, and a standard-gauge railroad from Belfast to Perkinsville and to Hornellsville aforesaid.

LACKAWANNA AND SUSQUEHANNA.

BUILT, OWNED AND OPERATED BY THE DELAWARE AND HUDSON CANAL COMPANY.

(Date of charter, May 9, 1867.)

The Lackawanna and Susquehanna Railroad was built and is owned by the Delaware and Hudson Canal Company under an act of the Legislature passed May 9, 1867, and was opened in January, 1872.

There was no special issue of stock or bonds for its construction. The operations, earnings and expenses of that part of the road within the State of New York are included in those of the Albany and Susquehanna Railroad.

u	20,772		********			3,627

Passenger cars have Miller hook and buffer and Westinghouse air brake. Freight cars have Ames and Janney couplers.

Split switches in main track on main line; split and stub in main track on branches.

Miscellaneous Statistics.

ITEM.	In N. Y. State.	Entire line.
Telegraph owned and operated by company, miles Total assessed value of real estate and personal property of company Length of steel rails laid during year in repairs, miles	\$2,704,895 2.41	3,183
Railroads crossing road at grade Railroads crossing road over or under grade Highway crossings at grade without protection Highway crossings at grade protected by gates or flagmen, Highway crossings over or under grade.	2 2 68	83 15 1,668 178 73
Overhead obstructions less than twenty feet above track	2	46

Passenger cars are heated by Baker heaters and stoves, some with steam, lighted by coal oil and mineral seal oil lamps, two buffet cars with gas, and ventilated by end and side ventilators and Creamer automatics.

The American Express Company runs over this line from Buffalo to Cleveland and pays from 15 to 50 cents per 100 pounds on freight. The United states Express Company, between Buffalo and Chicago, pays from 20 cents to 85 cents per 100 pounds on freight. These companies do a general express business and deliver freight to the railroad company at its depots.

Sleeping and parlor cars are owned by Wagner Palace Car Company. It charges \$2 for double berths and \$4 for section, and from 25 cents to \$1.50 for seats in drawing-room cars. The Lake Shore and Michigan Southern Railway Company owns three dining cars and operates them.

cars and operates them.

Red, White and Midland Lines (sooperative) run over this road. Railroads own the cars and pro rate expenses. Merchants' Despatch and Empire Line (stock companies) own their own cars and receive current rate of mileage and commission on all freight secured by them. No preference shown to any of them.

The company's United States mail contract is for \$1,089,107.82 per annum, including

postal cars.

Passenger cars are heated by steam heat, lighted with gas and kerosene oil and

Passenger cars are heated by steam heat, lighted with gas and kerosene oil and ventilated in deck.

The American Express Company and the National Express Company run over this road. The conditions and rates vary with the speed and accommodations jurnished.

Cars owned by the Wagner Palace Car Company run over this road. The railroad company provides fuel, lights, ice and lubricating oil, replaces broken glass in windows, doors and ventilators and keeps outside of cars clean. The Palace Car Company self their own tickets at their established rates.

The so-called Red, White, Blue, Canada Southern, Nickel Plate, Midland, Merchant's Despatch, Milwaukie and Michigan, West Shore and Boston lines, and the South-western Despatch, twelve in all, run over road. Of the above, the Merchant's Despatch has its own cars, receiving a commission on the business it contributes, which varies according to circumstances. The railroad companies comprising the other lines each contribute, from their own equipment, certain cars, which are lettered as belonging to the various lines. The ownershiptof such cars remains specific in each railroad company. As to repairs, cars in all the lines are treated by railroad companies in the same manner as ordinary cars belonging to other companies.

other companies.

mails are carried at certain rates per mile per annum, based on weight taken,

conce in four years.

Westinghouse air brake and Miller coupler are used on passenger cars; Miller hooks, Whittemore and ordinary draw-bars on freight cars.

Miscellaneous Statistics.

ITEM.	In N. Y. State.	Entire line.
Length of new steel rails laid during the year in repairs (length of track), miles	6.85	22.18 13 13 450 88 24 274 195

Passenger cars are heated by Blake and Spear heaters, lighted by oil lamps and ventilated with hinged and pivoted dome sash and ventilators in dome.

The Adams Express Company runs over this line; the compensation paid by the express company is based on the space in the cars occupied by its express matter, and varies from time to time as it occupies more or less space.

Sleeping, parlor and dining cars are run over this line, some owned by this company, some by the Monarch Sleeping Car Company, some by the Boston and Albany Railroad Company, some by the New York and New England Railroad Company, and some by this company jointly with the Wagner Palace Car Company, the New York, Providence, and Boston Railroad Company and the Old Colony Railroad Company. The haulage of Monarch cars is compensated for by the haulage of this company's cars. Car service and other expenses are divided between this company and the Boston and Albany and New York and New England Railroad Companies on the mileage basis, and the receipts and expenses of the Wagner cars are divided in proportion to each company's interest in the cars.

in the cars.

When sleeping and parlor cars are owned by other companies they take the receipts; when owned by this and other companies the receipts are divided in proportion to each

τ

n owned by this and other companies the receipts are divided in proportion to each any's interest.

Star Union Line freight cars and cars of the Red Line, White Line, Blue line and ser transportation companies run over this road, and for the use of their cars this pany pays mileage; the company charges for all repairs made on the cars; these sportation companies use cars furnished by themselves: neither their cars nor 'tisgiven any preference in speed or order of transportation.

company has no formal contract with the United States Government for transpon of mails, but takes the compensation allowed by law for their transportation.

ddition to the above, this commany owns three-tenths of twenty drawing room seping care in Wagner Shore Line, one hundred and twenty-four two hundred urty-seconds of eleven baggage, seven smoking, two postal and nineteen coaches and New York Shore Line Express, and two combination cars.

Passenger cars equipped with Westinghouse automatic brake and Miller platform and coupler, and freight cars with hand brake, Master Car Builders' standard drawheads and automatic couplers.

By October 1st. on main track, all switches will be point switches.

Miscellaneous Statistics.	Entire line in N. Y. State.
Telegraph owned and operated by company, miles Length of steel rails laid during year in repairs, miles Railroads crossing road at grade Railroads crossing road over or under grade Highway crossings at grade without protection Highway crossings at grade protected by gates or flagmen Highway crossings over or under grade. Overhead obstructions less than 20 feet above track.	25.892 6 5 357

Passenger cars are heated by McElroy system, steam; lighted by lamps and Frost's dry carburette system; and ventilated by tilting sash in upper deck, by registers and by ventilators in hoods.

The National Express Company operates on this road at rates not less than first-class rates as per tariff. This company receives fifty per cent of the express company's receipts for all goods, excepting only packages of money, jewelry, etc.

Pullman's sleeping and parlor cars run over this road. The railway company pays three cents per mile for use of cars; cars assigned to this company are maintained in lieu of mileage. The Pullman company receives all Pullman car fares which amount to six mills per mile for long distances, one cent to three-quarters of a cent a mile for short distances. short distances.

The total amount paid by the company to Pullman's Palace Car Company during the year was \$2.697.18.

The "Ontario Despatch" and "Soo" fast freight lines run over this road. They have no separate organization. Each railway company in interest furnishes its quota of cars on mile age basis. Rates of mileage of cars and for maintenance of same are the same as on other cars interchanged. No preference in speed or order of transportation. This road has no special contracts for carrying United States mail. It is paid by statutory rates based upon weights of mails carried.

DESIGNATION OF LIEN.	Date.	Term, ye	Rate.	When payable.	Amount author- ized.	Amount outstand- ing.	
First consolidated mortgage bonds	Apr. 1, 1880 Jan. 1, 1888 Apr. 1, 1880	40 32 40	p.c. 6 4 6	April & Oct. Jan. & July April & Oct.	\$3,500,000 350,000 1,000,000	\$3,500,000 850,000 999,750	
Total		 -		•••••	\$4,850,000	\$4,849,750	

Note.—On the 1st of January, 1890, the directors of the Ogdensburg and Lake Champlain Raliroad availed themselves of the provision made to retire on that date the first mortgage bonds amounting to \$600,000 by exchanging them for the same amount of first consolidated mortgage bonds. On the 1st of March, 1890, the sinking fund bonds amounting to \$80,000 became due and were exchanged for \$71,000 of first consolidated mortgage bonds. These exchanges raised the issue of the first consolidated mortgage bonds to \$3,500,000 as per entry above.

Westinghouse automatic air brake and Miller platform and couplers ase used on passenger cars; hand brake on freight cars. Cook's patent switch and split switch used on portion of road; also one invented by a former roadmaster. Smith safety switches used on main line.

Miscellaneous Statistics.

ITEM. Cost of real estate now held by company, exclusive of that used in operation

Total assessed value of real estate and personal property of company.

Length of steel rails laid during year in repairs, miles.

Length of iron rails laid during year in repairs, mile

Railroads crossing road at grade.

Highway crossings at grade without protection

Highway crossings at grade protected by gates or flagmen.

Highway crossings over or under grade.

Overhead obstructions less than 20 feet above track.

Passenger cars are heated by coal and steam, lighted by lamps, 300° test oil, and ventilated by deck ventilators.

The American Express runs on this line at \$6.000 per year.
Wagner sleeping and parlor cars run on this line at a rate of two cents per mile.
One thousand eight hundred and thirty-four dollars and nineteen cents was paid the Wagner Palace Car Company during the year.
The Red. White, Blue. Canada Southern, Nickel Plate and Midland fast freight lines are doing business over this road. The compensation to this company is in participation in the through rates, divided pro rata on the mileage basis. The usual Master Car Builders' rules apply to the use of track, machinery, repairs of cars, etc. The above lines and companies use partly cars bearing this company's initials and partly those furnished by other railroads forming lines. The companies are given no preference in either speed or order of transportation.

This road receives \$12,535.21 per annum for carrying the mails.

PROSPECT PARK AND SOUTH BROOKLYN.

LESSOR.

LESSEE - PROSPECT PARK AND CONEY ISLAND.

(Date of charter, June 12, 1888.)

This company was organized for the purpose of constructing a railroad from Gravesend avenue, near Thirty-eighth street, in the town of Flatbush, to the city line, near Thirty-eighth street, to connect the railroad of the Prospect Park and Coney Island Railroad Company on Gravesend avenue with the railroad of the Brooklyn, Bath and West End Bailroad Company at said city line and Thirty-eighth street.

On the 1st day of January, 1890, the railroad of the Prospect Park and South Brooklyn Railroad Company was leased for the full term of its corporate existence to the Prospect Park and Coney Island Railroad Company, at an annual rental of three thousand (83,000) dollars per annum, payable half yearly (July 1st and January 1st), and said railroad is now in the possession of and is being operated by said Prospect Park and Coney Island Railroad Company in connection with its main line on Gravesend avenue, thereby making a through line of double-track railroad from Coney Island to the new Union depot at Fifth avenue and Thirty-sixth street, Eighth ward, city of Brooklyn.

Passenger cars are heated by the Consolidated Car Heating Company's system; lighted with mineral seal oil, 300° test, and ventilated by Creamer and Globe ventilators in transom and elevated roof.

The National Express Company runs over this line. It pays for local freight 1½ lass tariff rates; between New York and Rutland, Yt., and Rouse's Point, N. Y., ¾ alass; between other competing points, first-class; also 10 per cent of its profits. Wagner Palace Car Company runs cars on this road and is paid three cents per run for sleeping cars, and one cent per mile for drawing room cars. The railroad pany lubricates and cleans outside of cars. Pullman's Palace Car Company is paid to cents per mile run; no additional charge is made by the railroad company.

e Wagner Palace Car Company was paid during the year \$4,941.29; Pullman's Car Company was paid during the year, \$164.85; total, \$5,106.14.

Description of Road.

TRACK.	Miles owned, all in N. Y. State.
Main line from North Fair Haven to State line, single track	114 24,88
Grand total of tracks, sidings and turnouts	138.88
Laid with steel rail, main line	

Average life of ties. 6 years; weight of rails per yard—steel, maximum. 66 lbs., mum, 56 lbs.; gauge of track, 4 feet 8% inches; ballasted with gravel.

SOUTHERN CENTRAL.

Description of Road -- (Continued).

. Bridges.	ENTIRE LINE IN NEW YORK STATE.		
	Number.	Aggregate length.	
Iron bridges	27 101	Feet. 2,767 6,300	
Total	128	9,067	

There are 61 Cook's safety, 15 Lorenz safety and 2 Wharton safety switches in use on road.

Miscellaneous Statistics.	
	Entire line in
Item.	N. Y. State.
Telegraph owned and operated by company, miles	. 114
Total assessed value of real estate and personal property of company	. \$1,085,642.50
Length of steel rails laid during year in repairs, miles	4.06
Railroads crossing road at grade	
Railroads crossing road over or under grade	. 4
Highway crossings at grade without protection Highway crossings at grade protected by gates or flagmen	. 170
Highway crossings over or under grade	. 10
Overhead obstructions less than 20 feet above track	. 13 5

Passenger cars are heated by steam from locomotives, lighted by oil lamps and ventilated by side ventilators.

Adams Express Company runs over this line in cars furnished by railroad company, and pays company agreed percentage of receipts.

The United States Government pays for the transportation of mails from Sayre to North Fair Haven \$104.31 per mile per annum.

STATEN ISLAND RAPID TRANSIT.

STATEN ISLAND BAPID TRANSIT.

(Date of charter, April 4, 1880.)

For history of organization, see Report of 1885.

During the past year the company extended its line of road by bridge across the Arthur Kill connecting, at Elizabethport, N. J., with the Baltimore and New York Railway, making its first connection with the mainland.

It has put down a second track from Erastina to the Arthur Kill bridge approaches, 1.3 miles, and on March 1, 1890, began carrying to St. George, S. L., freight traffic of the Baltimore and Ohio Railroad Company.

The company has also built one covered and two open piers, a transfer bridge and freight yard at St. George, S. I.

The new ferry buildings and piers at Whitehall street, New York, were finished during the present fiscal year.

Telegraph owned and operated by company, miles	4.15 1 11 1

Passenger cars are heated by Martin's anti-fire car-heating system, lighted by lamps with head light oil and ventilated by lattice ventilators in roof.

The American Express Company runs over this road; pays first-class rates. The Red Line, the Blue line, the White line, the Midland line and the Nickle Plate line and Merchants' Despatch line, all run over this road. Cars are furnished by the several lines at regular mileage rates. No preference given.

Compensation fixed for transporting mails by United States Government for main line at \$4.539.43 per annum; for branch line, \$250.01 per annum.

'n

Passenger cars are heated by coal stoves, lighted with kerosene oil and ventilated with deck ventilators.

The National Express Company runs over this line. The railroad company receives from the express company arbitrary rates, varying from eight to twenty-five cents per hundred pounds.

The rate of compensation for transportation of mails is fixed by the Post-office Department, and is based upon the weight of mails carried and facilities furnished.

† EQUIPMENT.

DETAILS OF ADDITIONS OR BETTERMENTS DURING THE YEAR.

The entire work of constructing and equipping the storage yards, machine she shops, carpenter shops, fuel and water stations, etc., at Eastern parkway, betw Alabama avenue and Hinsdale street, has been completed within the present fiscal y. The yards are located upon two city blocks, containing sixty-four lots, and compraint machine shop fully equipped with the necessary steam boilers, engines, for drills, lathes, presses, etc., for the repair of engines and rolling-stock. Carpenter fully equipped with steam power, machinery and tools; car repair and painting she

^{*}Total bonds issued due to contractor for construction and equipment, at the \$550,000 per mile.
†Entire equipment included in general contract for construction and equipment.

The entire yard structure is of Georgia yellow pine timber erected on sills resting upon a system of foundation piling throughout its entire extent. It is entered by turnouts (from a third track) consisting of eight sets of triplets.

There is a coaling-incline connected with a storage yard for fuel, which storage is located on the ground level; a water tower end an adjoining coaling platform for the reception of current supply of fuel and its distribution to engines.

There has been authorized by stockholders an issue of stock for construction purposes, but the contractor's account being as yet without final adjustment for the construction and equipment to date under his contract, no issue of such stock has been made up to this time. The item of \$1.621.000 is entered under cost of road and equipment, because, although a considerable part of the work was done in previous year, the payments were only in the nature of advances to the contractor, and the payment in bonds, as called for by his contract, was made entirely within the current year.

KINGS COUNTY ELEVATED.

(Date of charter, January 6, 1879.)

For history of organization, etc., see Beports of 1888 and 1889. Since date of last report a further extension of the operated line has been secured under the lease with the Fulton Elevated Railway Company; the main line being thereby carried eastward, within the Twenty-sixth ward, to the junction of Schenck avenue and the Eastern parkway, a distance of rather more than three-quarters of a mile. Three new passenger stations have thus been opened to traffic, and the extensive storage yards, coaling and watering stations, and machine and repair shops of the company, brought into full and convenient use.

UNION ELEVATED.

LESSOB.

LESSEE - BROOKLYN ELEVATED.

(Date of charter, June 10, 1886.)

For history of organization, see Report of 1888.

By an agreement, dated May 18, 1897, this company leased to the Brooklyn Elevated Railroad Company the various railroads of this company to be constructed, for the full term for which this company is incorporated, possession of the various railroads to be delivered to lessee as each of the several sections is completed and ready for constitution.

operation.
Section from Fulton street to Wyckoff avenue via Sands and Adams streets and Myrtle avenue, opened April 10 and September 1, 1888, April 27 and July 20, 1889.
Section from East River to Lexington avenue via Broadway, opened June 25 and July

Section from Park avenue to Thirty-eighth street via Hudson, Flatbush avenues, opened July 22, August 15, and December 9, 1889, and May 30, 1890.

BABYLON.

(Date of charter, April 15, 1871.)

The superintendent of this company writes that there have been no earnings on this road since date of last report, as the road is only operated in the summer, and that this report is a duplicate of that of September 30, 1839. As stated in Annual Report for 1838, "the cost of road, analysis of operating expenses and balance sheet, as reported, are contradictory, incomplete and incorrect."—R. R. Commissioners.

BINGHAMTON.

(Date of charter, March 24, 1890.)

The Washington Street and State Asylum Bailroad Company filed its articles for charter, October 23, 1871, and construction was commenced in 1872. Chapter 55 of the Laws of 1873 is referred to as containing one source of its rights and privileges. The Park Avenue Bailroad Company was constructed in 1875; its articles for a charter were not filed until May 6, 1882.

The Washington Street and State Asylum Railroad, from the time of its construction, as was also said Park Avenue Bailroad, was leased to one Mr. Stow until the consolidation of said two roads. Articles of consolidation of said two roads forming "The Washington Street Asylum and Park Railroad Company," under chapter 108 of the Laws of 1875, were filed October 4, 1887.

The Binghamton Central Railroad Company filed its articles for a charter February 26, 1883, and construction of the road commenced in 1883. Articles of extension were filed June 23, 1885.

28, 1885, and construction of the road commenced in 1885.

The City Bailway Company was organized in 1883 and articles for charter filed December 22, 1885.

Road constructed in 1884.

Articles for the consolidation and merger of the Washington Street, Asylum and Park Bailroad Company, the Binghamton Central Railroad Company, and the City Railway Company, forming "Binghamtom Street Railroad Company," under chapter 108 of the Laws of 1875, were duly filed on the 24th day of March, 1890.

The road is operated with electricity under the "Sprague system."

Title of company, Binghamton Street Railroad Company. General offices at 114 State street, Binghamton, N. Y. Date of close of fiscal year, June 30. Date of stockholders' annual meeting, second Tuesday in July. For information concerning this report, address G. T. Rogers, Treasurer.

BINGHAMTON CENTRAL.

(Date of charter, February 26, 1883.)

This road has been in course of reconstruction during the past year, the gauge being changed to 4 feet 8% inch, and the track laid with 62 lbs. Johnson girder and rail and suburban track with 85 lbs. and 40 lbs. Trail. A portion of the road was leased for a nominal sum, the leasee agreeing to run one car sufficiently often to hold franchise. Over another portion of the road the Washington Street, Asylum and Park Railroad Company were given the right of track for the same purpose, the latter company agreeing to pay all taxes and to keep the track in repair.

This report is made to and including March 23, 1890. On March 24, 1890, the road was consolidated with the City Railway Company and the Washington Street. Asylum and Park Railroad Company, and together merged into the Binghamton Street Railroad Company.

BROOKLYN CABLE.

(Date of charter, November 10, 1886.)

No report received for year ending June 30, 1890.

•

BROOKLYN CITY.

(Date of charter, December 17, 1853.)

For history of organization, see Report of 1885.
On the first day of August, 1889, this company leased the properties of the Brooklyn Orosstown, the Calvary Cemetery, Greenpoint and Brooklyn, the New Williamsburgh and Flatbush, and the Greenpoint and Lorimer Street Railroad companies; and on the first day of May, 1890, this company leased the property of the Grand Street and Newtown Railroad Company, and under authority granted by chapter 254, Laws of 1867, has acquired \$1,185,700 out of \$1,190,000 outstanding capital stock of said companies. The operation of these roads for the portions of the year from the dates of lease respectively to June 30, 1890, is included in this report.

ROCHESTER.

(Date of charter, February 25, 1890.)

The Rochester Railway Company was organized on the 25th day of February, 1890, with five million dollars capital stock. On the 10th day of March, 1890, said company leased all the property, rights, privileges and franchises of the Rochester City and Brighton Railroad Company, the Crosstown Railroad Company and the South Park Railroad Company for and during the term of the corporate existence of said lessor companies respectively, upon the following terms, to wit: The lessee to pay to the Rochester City and Brighton Railroad Company for the use of its stockholders during the term of the lease the yearly rental of \$140,000, the lessee to pay to the Crosstown Bailroad Company, of Rochester, N. Y., for the use of its stockholders during the term of such lease the yearly rental of \$12,000, and to the South Park Railroad Company, of Rochester, N. Y., for the use of its stockholders during the term of such lease the yearly rental of \$12,000, and to the South Park Railroad Company, of Rochester, N. Y., for the use of its stockholders during the term of such lease the yearly rental of \$10,000. After the Rochester Railway Company had gone into occupancy under each of said leases, under and in pursuance of chapter 254, Laws of 1867, it duly took a surrender or transfer of all the capital stock of the stockholders of said lesser companies respectively and the said lessee. The conditions were as follows, to wit: For \$500,000 stock of Rochester Railway Company and \$100,000 of its five per cent bonds; for \$100,000 stock of Rochester Railway Company and \$100,000 of its five per cent bonds; for \$100,000 stock of Rochester Railway Company and \$100,000 of its five per cent bonds; for \$100,000 stock of Rochester Railway Company and \$100,000 of its five per cent bonds. All of the stock of all the lessor companies having been surrendered by the stockholders, or transferred as a foresaid, and the certificates provided for by said act having been duly made and filed in the office of the Secretary of State, the estate, property, rights

UTICA AND MOHAWK.

(Date of charter, January 4, 1874.)

For history of organization, see Report of 1885; see, also, chapter 104, Laws of 1886, "An act for the relief of the Utica and Mohawk Railroad Company."

It was decided by the board of directors, in April, 1890, to equip the road, which had been extended to the new "Utica Park," with electricity, and accordingly contracts were entered into with the Sprague Electric Railway and Motor Company for that purpose. This has been satisfactorily accomplished, but the accounts have not been entirely adjusted at the date to which this report is made.

Title of company, Van Brunt Street and Erie Basin Railroad Company. General offices at 264 Van Brunt street, Brooklyn, N. Y. Date of close of fiscal year, June 30. Date of stockholders' annual meeting, third Monday in February. For information as to this report, address Wyllys Terry, Secretary and Treasurer.

WASHINGTON STREET, ASYLUM AND PARK (Binghamton).

(Articles of consolidation filed October 4, 1987.)

For history of organization, see Report of 1888.

Name.

Operation was suspended on a portion of this road from Court street to the asylum (about 3% miles) from a time previous to June 30, 1889, until December, 1889, owing to litigation pertaining to railroad crossings and the rebuilding and widening gauge of road to 4 feet 8% inches.

This report is up to and including March 23, 1890. On March 44, 1890, this road was consolidated with the City Railway Company and the Binghamton Central Railroad Company, and together they were merged in the Binghamton Street Railroad Company.

WATERVLIET TURNPIKE AND RAILROAD.

(Charter, chapter 141, Laws of 1828, amended by chapter 283, Laws of 1862,)

For history of organization, see Report of 1889.

The equipment of the road for operation by electric motors was completed in November, 1889, but the company was prevented from operating its road by electricity through the city of Albany on account of the temporary injunction obtained against it by the Hudson River Telephone Company, which injunction is still in force (June 30, 1890).
